2018 Planned Events

My planned events for 2018 include me fully dedicating myself and putting my 2015 Can Am Renegade 850xxc in all 13 rounds of the GNCC series in the 4x4 Pro class. I also intend to put myself in all 10 rounds of the AWRCs series in the QXC Utility class, the CRA Scorchers 100 miler, and the WNYOA 100 mile Endurance race. I will do my best in every single round to bring home class wins in hopes of winning both class championships.

Why should we choose you to be a sponsored rider?

First off, I always put my family and Lord and Savior Jesus Christ first on my list. Without them it wouldn't be possible for me to love and enjoy the sport the way that I do. I race for the enjoyment and fun of the sport; however, I am a very focused and dedicated racer who always pushes himself to the limit every single race, doing everything I can to stay consistent and win. I am always open to any new ideas and suggestions that you might have for me. Another major part of my program is to strive to promote on and off the track in any way that I possibly can. Please consider sponsoring me to help me further my racing career and I'll help you promote your products by putting them in front and on the podium!

Thank you so much for taking the time and consideration for me to be one of your sponsored riders.
