## Personal Statistics:

Name: Dwight Pollard

Birthday: October 3<sup>rd</sup> 1992 (10-03-92)

Hometown: Clayton, Ga

## Background Information:

I have a full time job running and installing **TireSpine**, which is an offroad flat prevention company that I'm part owner of. I race almost every weekend between the national GNCC and IXCR series . We are a series sponsor and vendor at the IXCR. With my racing oriented business it ensures I will always be in attendance at the track unlike other racers where careers may not allow it. My riding style I would have to say is aggressive, but logical. I have what it takes to put my head down and push on that last lap. I absolutely love being in or on a machine racing, its really a passion.

## Racing Highlights/Achievements:

I run the 4x4 Utility class in the IXCR were the Can Am contingency is.

In 2018 I will be moving to the premier 4x4 Pro Class and GNCC UTV XC1 or XC2 (thats their discretion) on the Maverick X3 in XC1 or Maverick in XC2
